Located in the heart of Country Club Drive, this beautiful home has received a complete upgrade, harmoniously combining the HPOZ style exterior with contemporary interior finishes. The house features newly installed hardwood flooring, luxurious crown molding, and an array of updated hardware, including door knobs and window shutters. The property boasts a host of modern amenities such as a water softener, water heater, HVAC system, and an upgraded electrical system that allows for an EV charging system. Additionally, the home features advanced e-keys and ring systems for added security and convenience. The kitchen and bathrooms have been fully remodeled to the highest standards. The property also features an automated iron gate with a driveway and ample parking, and the front yard is adorned with a variety of tropical fruit trees including persimmons, orange trees, lemon trees, blueberry, and avocado trees. This exceptional property is truly a must-see.
